The European Solar Thermal Industry Federation (ESTIF) represents over 100 members consisting of manufacturers, service providers and national associations, which collectively hold 95% of today's solar thermal market. It is our mission to achieve high priority and acceptance for Solar Thermal as a key element for sustainable heating and cooling in Europe. We are working for the implementation of all steps necessary to realise the high potential of Solar Thermal. Within this mission ESTIF also supports research and development through the creation of the European Solar Thermal Technology Platform.

The great potential of solar thermal is shown in the creation of new job opportunities in the manufacturing and installation sectors of solar thermal collectors. 10 excellent reasons to join ESTIF • Take advantage of the key solar thermal network in Europe • Gain privileged access to ESTIF market information and data • Strengthen the voice of solar thermal vis-à-vis the European institutions • Increase your visibility through a free web link on ESTIF's homepage • Receive discounts on ESTIF events and publications • Influence European policies to increase the share of solar thermal • Benefit from first hand information on standards & certification, and direct access to CEN • Get support from ESTIF staff when dealing with EU institutions • Stay informed with ESTIF's regular newsletter covering solar thermal in Europe • ESTIF is already working for you. join ESTIF today and gain even more benefits
