PRODUCTS OR MACHINERY

Fa-Lian Technology Co.,Ltd was founded in June 2002 in Kaohsiung, Taiwan. Besides manufacturing solar-powered lighting products, we are also engaged in green-energy projects and design solar-powered systems with experienced engineers and strong technical supports. In order to solve the problems of worldwide energy shortages and global warming, we develop standard PV powered modules and specialty panels for residential and commercial applications, which we believe will create a more secure and sustainable environment with no pollution for our next generation.
