PRODUCTS OR MACHINERY

Hangzhou First Hot-Melt Adhesive Film Co., Ltd. is a high-tech enterprise, who is specialized in producing EVA film for solar cell encapsulating. With strong technical research & development skills, the company has reached the capacity of annual 50,000,000 square meter's EVA film, and already got the Certificate UL and RoTH. Moreover, many module makers in domestic China and some European countries which use F-RSTTM EVA have received the Certificate TUV. By strict management under the ISO9000 Systems, F-RSTTM EVA film is a successful competitor in the international, fast growing solar energy market with its innovative, high quality products. ?"Creating First and Quality First" is the company's tenet;while "Honest First and Service First" is the company's promise to every customer who gives supports and attentions.
