## PRODUCTS OR MACHINERY

LOGSTOR SolarPipe The pre-insulated LOGSTOR SolarPipe can be used with any type of solar panel and in any kind of installation. It makes it possible to transfer the heated water over considerable distances with hardly any energy loss. LOGSTOR SolarPipe is designed for easy installation in commercial and industrial buildings, and is equally suitable for pipe runs inside and outside a building. It is extremely durable and its insulation does not need to be renewed during the service life of the system. LOGSTOR SolarPipe is one of the newest product lines of the LOGSTOR Group. However, the quality and technology are based on more than 35 years of experience and know-how with energy efficient pre-insulated pipe systems for District Heating and District Cooling. Additionally, we manufacture pre-insulated pipes for the chemical and food ware industry, marine piping as well as for onshore and offshore oil and gas applications.

### Company Profile of **LOGSTOR A/Industry Division**

A service of glasssglobal.com, an affiliate of glasssglobal group.
