Address	Ralc Italia SRL Via Malignani, 19 33058 San Giorgio di Nogaro
Country	Italy

PRODUCTS OR MACHINERY

RALC ITALIA is settled in San Giorgio di Nogaro (UDINE - ITALIA). It has been operating since 1990 in project, construction and installation of cutting edge automatic high-tech industrial machines. The company is formed of two factories: 7.500 square meters in San Giorgio di Nogaro and the new Carlino's facility of 2.500 square meters. It has tools, machines, fixtures, skilled workers, plants to manufacture its products, that are completely designed in-house by its close-knit team of project designers and engineers. During all these years the company has gained great experience and competences with study, building and set up of automatic machines for industry, representing the newest and most exciting stage in the development of mechanics. In particular it has specialised in pipe processing field: pipe internal punching machines, cutting lines with 1-2-3 lanes, drilling machines (chip machining), "serpentine" machines, pipe bending machines, closing machines and other solutions for the specific applications of solar panels industries. Since 2008 RALC ITALIA has been credited between the inner circle of the Laboratories of scientific and technologic research certified by "Ministero dell'Università e della Ricerca della Repubblica Italiana" – Ministry of University and Research of the Italian republic (MIUR).
