PRODUCTS OR MACHINERY

Sindlhauser Materials GmbH was founded 1995. The products are focused on materials for vacuum coating. We supply worldwide targets, cathodes, powder blends and ceramic suspensions. Our main customers are active in automotive-, turbine-, tool coting-, solar and optical coating industry. In our own production equipment we manufacture oxide- and nonoxide ceramics, in our bondshop we bond planar- and rotatable targets. The extensive know how of our employees and newest technology in manufacturing and machining gives us the opportunity to develop new materials in close cooperation with our customers.
