## PRODUCTS OR MACHINERY

Our business philosophy is to satisfy you! Our company focuses on the customer. Linking him to solar technology is our most important goal. To achieve this, we emphasize the perfect interplay of the three factors: selection, price, advice. Solartechnics is Quality What does quality mean to you? We believe it is an awareness of customer concerns. Their questions, demands, and issues are our challenge and this is the foundation for our dedication. We are convinced that: Long-term customer relations will only be achieved through high-quality consulting services. Solartechnics GmbH & Co. KG's core business is the production and worldwide trade of photovoltaic products. Competence, Quality, Customer Care are the foundation to our actions. Proximity to our customers is an important core to our marketing; because it is only through constant contact that problems can be optimally recognized and competently solved. In addition, we place a great emphasis on quality engineering, materials, and service. All in all, this provides us with a very good price-services ratio. Our world is a world which secures higher standards of living through renewable energy. We consistently use the sun's inexhaustible energy to create power and thus influence today and tomorrow's energy supply. Solartechnics Mission Extracting Energy Together. The variety of our products and services enable us to provide our customers with tailored solutions. We convince through our consulting and systems engineering competence. Our dedication creates value for our customers, partners, employees, and shareholders. We only carry quality products - a premise that allows us to meet our customers' expectations on each and every day.
