PRODUCTS OR MACHINERY

Specialized Technology Resources (STR) is the leading company in the PV encapsulant business and technology. Our facilities located in 3 continents USA, Europe and Asia make STR the only worldwide market encapsulant supplier. Our in-house R&D department allows us to develop Photocap® products according to the new market demands and our Technical Service provides an added value as to optimize the product application and performances. Photocap® is the global image of demonstrated technological advancement. STR provides innovative solutions for solar module designs based on proprietary manufacturing technology. Among the most outstanding advantages of Photocap® that could be remarked are: - Zero shrinkage due to UF "User Friendly" proprietary technology - Long term photothermal stability - High light transmission - Short lamination times - Standard, fast and ultra fast cured formulations - EVA based non EVA based formulations
