Address	STX Solar 631, Namdaemunno 5-ga, Jung-Gu 100-803 Seoul
Country	South Korea

PRODUCTS OR MACHINERY

STX Solar was established in November 2007 as a new growth engine of STX Group, to respond to the pressing issue of global warming and the continuous hikes in oil prices. STX Solar established a manufacturing plant at the Gumi Industrial Complex to produce solar cells, which the photovoltaic energy into electricity, and is striving to produce low-cost, highly efficient cells, in order to expand the solar power industry. STX Group aims to strengthen its competitiveness in the solar power industry, by combining the solar cell production capacity of STX Solar, the system installation capacity of STX Industrial Plant, and the expertise in operating combined heat and power plants of STX Energy.
