PRODUCTS OR MACHINERY

As an experienced project manager of large-scale systems and a wholesaler of high-quality products in the solar power market, SunEnergy Europe works to support photovoltaic (PV) as a major world energy source. Sun Energy offers turn-key PV solutions, while providing the highest standards of technical know-how. From the initial planning phase to monitoring end performance, SunEnergy Europe stands for the development of large-scale photovoltaic systems. Additionally, we develop application-oriented PV solutions for clearly defined target groups, such as energy sheds for the agricultural sector. As a wholesaler of modules and other key components, we provide top products to our customers in Germany and throughout other European countries. We collaborate with entrepreneurs in related industries, who are willing to extend and develop their businesses within their region. We are committed to providing our partners not only with superior quality products, but with continuous technical and marketing support.
