PRODUCTS OR MACHINERY

SunLink PV Co., Ltd, founded in 2004, is dedicated to be a world-leading solar module (from 5W to 220W) and PV power generation solutions provide. We focus on building long-term partnerships with distributors and PV integrators. Through our passionate employees and strongly cooperative R&D capabilities, we can react quickly to customers' needs with a comprehensive, customized set of offerings. With excellent and stable quality, our solar modules have been obtained with IEC 61215, IEC 61730 certificate and CE certificate. Our annual production capacity in year 2008 is 30MW and in 2009 it will be 80MW. SunLink PV has been carrying out the globalized marketing and sales strategy. After years of hard efforts, we are becoming more and more internationalized. Our products and solutions are deployed in over 20 countries and regions. In 2007, 90% of our products export to European market, and we have set up 2 branch offices in Germany and Italy in order to provide quick services to our customers. Vision: Contributing to the world's green energy development and alleviating world's energy crisis. Mission: To focus on our customers' market challenges and needs by providing excellent solar modules and PV power generation solutions in order to consistently create maximum value for customers.
