PRODUCTS OR MACHINERY

As development agency for the business location Tirol, the Tirolean Future Foundation is responsible for the formation, settlement and development of companies in Tirol. We focus our activities on the economic fields of excellence of alpine technologies, mechatronics, information technologies, renewable energies, life sciences and wellness. The cluster renewable energies Tirol is in charge of a competence network containing 53 Tirolean companies and R & D- facilities that are all working in the future-oriented segment of renewable energies. Contentwise the emphasis is put on solarthermics and photovoltaics, geothermics, use of biomass and waterpower. There are also comprehensive themes such as energy-efficient construction and energy optimation in the production process.
