PRODUCTS OR MACHINERY

Trina Solar is a well-know manufacturer of photovoltaic mono and multicrystalline modules and has a long history as a solar PV pioneer since it was found in 1997 as a system installation company. Currently Trina Solar is one of the few PV manufacturers that has developed a vertically integrated business model from the production of ingots, wafers and cells, to the assembly of high quality modules. This integrated value chain ensures that high products can be offered to customers around the world. Trina Solar modules provide reliable and environmentally friendly electric power for residential, commercial, industrial and public utility applications worldwide. The company is leaded by an international management team with professionals of more than 25 countries with large experience in the PV industry. Trina Solar is listed in the New York Stock Exchange from December 2006 under the ticker symbol TSL and has the strong support of investors like Merrill Lynch, Good Energies or Milestone Capital.
