Address	<b>XBK-Kabel Xaver Bechtold GmbH</b> Unterdorf 101 78628 Rottweil
Country	Germany

---

## PRODUCTS OR MACHINERY

We are a middle sized company and we've been producing cable products with highest quality standard since 1926. Our modern wire factory enables the production of the most extensive conductive wires, braids and strandings. Our own production of PVC guarantees our constant quality of plastics as it is required for our technical facilities. Besides, efficient machinery for the economical production of our cables, extensive controls and examinations ensure a standard of high quality. Our array of products contains solar cables, control cables, installation wires- and cables, vehicle cables, hose assemblies, single conductors, special cables, telephone cables and a lot more. We offer the most different insulations, ranging from PVC to halogen free materials. Particularly in halogen free purview, but also in the international approbated purview we amplify our delivery and manufacture program for the whole European market and increasingly for the North American and worldwide market.
