PRODUCTS OR MACHINERY

Yole Développement is a market research and strategy consulting company. From technologies to market, we help our clients to develop their business in the photovoltaic industry. Our commitment is to facilitate market access for innovative technologies, equipment and materials. Founded in 1998, our company is involved in different high-tech fields, with strong leadership worldwide. With about 20 consultants, Yole Développement is working worldwide with the key photovoltaic companies, R&D institutes in order to help them to understand the markets and technology trends. Using a technology and marketing approach, Yole is taking into account the complete photovoltaic value chain in its analysis, including materials and equipment business In addition to the various reports, Yole Développement also publishes a free monthly magazine, Micronews and its photovoltaic supplement, PV Manufacturing (www.i-micronews.com), which has more than 23,000 subscribers.
