Address	Rec Modules 3 International Business Park Nordic European Centre, #03-01 Singapore 609927
Country	Singapore

PRODUCTS OR MACHINERY

Across the value chain

Our business is carried out in three divisions. REC Silicon and REC Wafer are among the world's largest producers of polysilicon and wafers for solar applications. REC Solar is a rapidly growing manufacturer of high performance solar cells and modules, and engage in project development activities in selected segments of the PV market

Silicon materials

REC Silicon is one of the world's largest producers of polysilicon for the photovoltaics industry and is a tier-one producer of silicon materials for thin film PV, semiconductors and LCD display manufacturing.

Polysilicon

Silane gas

Wafers

REC Wafer is a leading producer of multicrystalline wafers for the solar cell industry, with a growing presence in the monocrystalline wafer and ingot market segments.

Multicrystalline wafers

Monocrystalline ingots

Solar solutions

REC Solar delivers high performance solar energy solutions to the residential, commercial and utilities segments, and targets project development in selected segments.
