Address	<b>J. Schmalz GmbH</b> Johannes-Schmalz-Straße 1 72293 Glatten
Country	Germany

## PRODUCTS OR MACHINERY

### Lifting device VacuMaster Window

Sensitive glass panes and windows are securely handled by the VacuMaster Window. Workpieces can be turned by 90° to the left or right. Ergonomic operation and low weight permit fatigue-free working.

### Lifting device VacuMaster Glass

The vacuum lifting device VacuMaster Glass is ideal for a safe and ergonomic handling of glass workpieces outdoors. VacuMaster Glass is attached to the site crane and effortlessly lifts loads up to 600 kg. The workpieces are held by up to eight suction plates. Only vacuum is used to hold the workpiece in place.

### Vacuum tube lifter JumboErgo

The vacuum tube lifter Jumbo Ergo is ideal for save and damage-free handling of solar panels and other PV components. The JumboErgo tube lifter allows for transport of heavy collectors operated by a single person..

### Schmalz Wafer Gripper SWG

Schmalz wafer gripper for extremely fast and gentle handling of silicon wafers and solar cells with superior process stability.

### Schmalz Suction Plates SGF

The SGF suction plates from Schmalz provide for the best hold on smooth surfaces and reliable and careful handling of flat workpieces, such as glass or plastic sheets, solar modules and collectors.

### Thin Glass Grippers STGG

Special gripper for the extremely fast and gentle handling of thinnest glass and sensitive workpieces in fully or semi-automated production of displays, e.g. TFT screens, smartphones or tablets.

### Wafer Grippers SWGm

Wafer gripper for extremely fast and gentle handling of wafers and solar cells in the production processes.
