OUR APPROACH

KEO brings together extensive capabilities to each project and to all of its clients, not just through its talented and experienced professionals but also as a strategic partner to our clients. KEO adopts a unique principal-in-charge concept that provides high level executive input and oversight to all our projects. We are there with our clients, drawing across Divisional lines, bringing value added assistance to strategize and structure the most feasible functional, cost effective and successful projects.

No matter the project type, our deep-set culture of total client commitment inspires visionary master planning, award winning architecture, engineering excellence and highly efficient project management delivery of the total project process, from inception through construction.

KEO can uniquely be a total service provider to our clients as a one-stop consultancy or standalone provider of specialized consulting services in:

- Urban Design
- Program or Project Management
- Architectural Design
- Civil Engineering
- Quantity Surveying Services.
