Country	Netherlands

PRODUCTS OR MACHINERY

Turnkey module lines 5 - 50 MW

Rimas offers smart turnkey module manufacturing lines up to 50MW. Based on smart Rimas technologies it is possible to create a (semi) automated high standard turnkey solution , for a very acceptable price. Rimas combines self designed technologies for handling, transferring, framing and testing, with A-class stringers, laminators and sun simulators. Depending on the available factory building dimensions, the layout can be adapted; One straight line, L-shaped, U-shaped, etcetera. The Rimas lines can be designed for single or multiple module sizes.

To make the module manufacturing market accessible for starters, Rimas has designed a special layout. It is a semi automated solution with a limited capacity.
