PRODUCTS OR MACHINERY

Glass Cutting Tools - Diamond Scribing Wheels

Diamond scribing wheels (also known as PCD wheels or PCD scribing wheels) are usually applied to cutting different types of glass for example LCD panel and substrate, touch screen, auto glass, solar cell glass, medical glass, optical glass, glass production line, glass tubes etc, especially TFT, CSTN, and STN.

Beijing Supower Science and Technology Developing Co.,Ltd is the only manufacturer of diamond scribing wheels in mass production in China and one of few manufacturers who are able to produce outer teeth PCD wheels worldwide. Supower is going to become Beijing World Super Hard Tools Co.,Ltd for IPO, producing various types of glass cutting tools including high penetration diamond scribing wheels (similar to Penett), micro teeth diamond scribing wheels (similar to APIQ), standard diamond scribing wheels, hybrid diamond scribing wheels, PCD axles, wheel holders, glass cutters, glass cutting machine etc.

Advantages of Supower:

1. The same quality as Japanese rivals.
2. Shorter delivery time and longer service life.
3. The lowest price among competitors worldwide.
4. Consistent quality of products in mass production.
5. Compatibility with all present glass cutting machine.
6. Professional sales team providing users with the best solution to glass cutting.
7. Excellent service.
8. Customization.
