## PRODUCTS OR MACHINERY

Izocam Glasswool Products are manufactured from fine glass fibres to be utilized for thermal and aound insulation of roofs, walls, ducts and pipes.

They are highly resilient and homogenous insulation materials which are free from course fibres, shot and impurities.

They are rot proof and resistant to aging. They do not cause corrosion or rust.

Izocam Glasswool Products are not affected by sunrays and do not show shrinkage by time. They are dimensionally stable.

They can be cut easily with no waste pieces and each piece left is usable.

Fire resistance with respect to ASTM E 84 and EN 13501-1 İzocam Glasswool Products are classified as "A" group noncombustible. Flame spread :5, Fuel contributed:0, Smoke developed:0 are determined on surface burning characteristics test.
