PRODUCTS OR MACHINERY

The conversion of solar energy into hot water or electricity is a complex matter. But you don't need to worry. Our technologies are intelligent enough to simplify complex processes and work as efficiently as humanly possible. Our heat cabinets, for example, are true champions and energy-saving space-savers. The 3U SOLAR RegelStar 3000 provides the smart and efficient management of various energy sources into a single scheme, and our 2-zone heat storage is well prepared for combining with an existing boiler. Each of our products is the result of lots of solar knowledge and functional creativity. Find out about our products and assure yourself that the use of solar energy with 3U SOLAR products is a really clever thing.
