Address	Parasol Energy 5, Mohakhali C/A, 9th Floor Dhaka,
Country	Bangladesh

PRODUCTS OR MACHINERY

Parasol Energy Limited is a leading manufacturer of quality solar panels within Bangladesh. Parasol can supply you with the best quality panels available off-the-shelf within Bangladesh. With the increasing expansion of solar electrification in Bangladesh and the matured local market for solar consumer products, the demand for locally-produced solar modules has been born.

Founded in 2010, Parasol is a joint initiative of Deltadesh (Pvt.) Ltd. and Paragon Group Ltd, incorporated under RJSC&F #C77702/09. Half of our share-holders are European, half are Bangladeshi. Parasol is managed by a combined team of European and Bangladeshi nationals, applying European standards with regards to labor practice, production process management and product quality control.

Parasol operates one of the first national solar module production factories in Bangladesh. Our production facility is equipped with top quality laminators, laser cutters, and module testers from Italy. The production line is run under direct European quality supervision. We are proud to bring you the best solar modules produced in Bangladesh.
