PRODUCTS OR MACHINERY

KPV's extensive product range allows to respond to a variety of individual customer's requirements. High-quality raw materials guarantee a long-life-cycle as well as a beautiful design. KPV offers two product lines: „Power 54 Modules“ - top-module range with solely European components - and „Project 54 Modules“ using especially selected components to achieve a better value for money in big PV-plants. For large volumes, KPV also offers the possibility of specific OEM module solutions and jointly conducted development projects to fit individual requirements.
