PRODUCTS OR MACHINERY

Solarworld Industries America LP designs, manufactures, supplies, and installs solar electric systems to homes, businesses, and government clients primarily in the United States. The company provides silicon components, solar wafers, solar photovoltaic cells and panels, and solar systems, as well as a suite of no-money-down financing options. It also offers crystalline silicon photovoltaic panels. The company's products are used in commercial applications, rooftops, car ports, canopy systems, utility-scale systems, tracker systems, and ground mounted systems. It offers its products through a network of authorized installers.
