Address	ERA SOLAR CO.,LTD. Taizhou 318020 Zhejiang
Country	China (People's Republic)

PRODUCTS OR MACHINERY

High efficiency and stable performance in photovoltaic conversion.

Advanced PECVD film forming, providing a dark blue silicon nitride anti-reflection film of homogenous color and attractive appearance.

High quality metal paste for back surface and electrode, ensuring good conductivity, high pulling strength and ease of soldering.

ERA Solar module shows a great performance due to our high quality in-house cell production, we use the advanced machines from Germany, Italy, United States and so on for producing a high quality and reliability cell. We are constantly updating our technologies in order to bring you the best cells available.
