PRODUCTS OR MACHINERY

Photovoltaic Modules
Supplier Selection

Universal Energy only selects partner suppliers with a commitment to quality, technology and efficiency.
Quality Control

All of Universal Energy's PV modules are individually tested to guarantee quality and performance.

Mechanical Specifications UE P2 Series
Warranty

The warranty for all of Universal Energy's products is 10 years at 90% of output power and 20 years at 80% of output power. All our products meet CE mark requirements and have achieved IEC 61215 Ed.2 and IEC 61730 certification.

Outstanding Features

PV Cells: polycrystalline or monocrystalline with high conversion efficiency
Front : tempered glass with low iron content to allow good sunlight transmittance
Encapsulated Material: EVA, polymerised at high temperature with UV stabilizer and low permeability to water/humidity
Back: Tedlar film allowing maximum protection against atmospheric agents
Frame: anodised aluminium with existing holes for easy installation
Junction box: IP65 protection, water/dust resistant, bypass diodes, cable and connectors
