Address	<b>Kirchner Solar Group GmbH</b> Auf der Welle 8 D-36211 Alheim-Heinebach
Country	Germany

## PRODUCTS OR MACHINERY

Years of experience and the highest quality standards characterise the work of Kirchner Solar Group. We have been planning and installing photovoltaic systems and developing civic participation concepts for solar parks since 1996. In the past years the product portfolio has been expanded to include off-grid systems for the generation of solar power independent of the grid, solar tracking systems and wholesale photovoltaic components.

We are working towards an important objective: we wish to make it possible for as many people as possible worldwide to have access to renewable energies and thereby contribute to accelerating an ecologically sustainable energy revolution.
