Address	iGlass ID Building, Enterprise Grove Mt Helen, VIC 3353
Country	Australia

PRODUCTS OR MACHINERY

Switchable glass for automotive, commercial, residential and interior design. LC is dispersed within a formulated polymer enabling the crystal particles to be aligned parallel in respect of each other when the flow of electricity occurs. When the flow is stopped the crystals return to their original position, blocking the flow of light.

Vehicle design trends

More glazing is now used in vehicle design

Rooflights : as more occupants are travelling in rear space, rooflights are providing comfort to the passenger of rear seats by allowing more light and visibility. Due to intensity of the sun glare during certain part of the daytime, this can be controlled by iGlass film.

Sidelights and rearlights

Provides security through control of vision and comfort through control of glare

Company Profile of **iGlass**

A service of glasssglobal.com, an affiliate of glasssglobal group.
