Address **Xennia Technology Ltd**
Monroe House, Works Road
Letchworth
Hertfordshire SG6 1LN

Country United Kingdom

PRODUCTS OR MACHINERY

Inkjet inks & systems
Proven, reliable products

Xennia supplies a range of proven, robust and reliable inkjet printers, modules and inks which can be optimised for your specific market application, delivering increased efficiency, productivity and profitability.

Xennia is able to help users to develop a full printing process for an application specific requirement by implementing one or more of the product options below:
XenInx specialist inks

Xennia's advanced formulation inks offer unrivalled print quality and performance, producing vibrant images for your application.
XenJet modules

XenJet modules are the core components of an industrial inkjet system, including the print engine, ink supply system, software and automated maintenance system. Our low-risk modular approach offers greater flexibility in system design, reducing time to market while bringing down production costs.
Xennia printing systems

Xennia printing systems are designed for a number of key applications and can also be adapted for specific customer requirements. Xennia's printing systems help to revolutionise production processes, bringing the numerous advantages of digital inkjet to your business.
