PRODUCTS OR MACHINERY

Printing on glass

Always different - always challenging,

for example, for furniture and machines. Here it is important to meet high requirements in terms of scratch resistance, radiolucence and opacity of the colors. A case for our own system that we have developed together with leading paint manufacturers. For outstanding quality safety glass , plexiglass and mirrors.

You have any special requests ?

You want a imitation etching print ?

You need medium or large runs?

Get with us. Fully automatic production.
