PRODUCTS OR MACHINERY

Pilkington Automotive is the global number one in AGR distribution & wholesale. As well as its major OE facilities within each region, Pilkington operates additional capacity focused on production for the aftermarket.

Pilkington Automotive has also developed extensive AGR distribution and wholesaling networks throughout Europe, Japan and NAFTA. Smaller aftermarket operations exist in South America and Asia.

In servicing the aftermarket, Pilkington Automotive is able both to leverage its global OE supply programmes and to utilise its flexible, short-run manufacturing expertise to produce glazings for models which are no longer current, or for which Pilkington Automotive is not the OE supplier.
