Address	Saint-Gobain Glass Co.,Ltd. 7th Floor, Office Tower, Bund Center, 222 Yan'an Road (East) 200002
Country	China (People's Republic)

PRODUCTS OR MACHINERY

Saint-Gobain Glass (SGG) has one high-quality float line in Qingdao plant and one advanced magnetron coating line with an annual capacity of 6 million square meters in Nanjing plant, which mainly produces energy saving soft coated glasses, such as Low-E and Solar control products. In 2004, SGG became the first manufacturer providing tempered single silver low-E glass for Chinese market. In 2008 it led the market by providing tempered double silver ranges SGG Cool-Lite SKN II series. SGG also provided specialized energy-saving Glass curtain wall solutions among domestic market. Due to substantial investment in research and development, Saint-Gobain has been in a leading position in Low-E glass manufacturing sector.
