PRODUCTS OR MACHINERY

As manufacturers developed China's first fully automatic automotive glass preprocessing line, Dongguan Byronic Machinery & Equipments Co. Ltd. is a professional sunrising company for automotive glass pre processing equipment enterprises.

We have more than 10 R&D engineers with college education background, 10 engineers for maintenance service; we have been keeping our service idea of "Customerized satisfaction is the sole criterion".

We are sole leading company with our own-designed fully auto glass pre processing line for Chinese automotive glass processing industry. This is the first processing equipment made in China.
