PRODUCTS OR MACHINERY

The history of the Industrial Materials Business Group also lies within the history of K. Sakai & Co., Ltd.

Since our company was established, the fastener business was a core item, and has since expanded globally as one of our major businesses today. We have also developed other items in our business, including pipe fittings, casted parts, building materials, logistics equipment and polyolefin woven fabric. Utilizing our domestic and international network, expertise and know-how, we also handle a variety of specialty products, including OEM items. The development and production at overseas contract factories allows us to fully implement our ideas and technology, enabling our business group to meet the needs of our customers, and grow together for the future.
