Address	<b>Al-Raddadi Trading Est</b> Tabuk Road Al-Madinah
Country	Saudi Arabia

## PRODUCTS OR MACHINERY

AlRaddadi Group is an established, kingdom-wide leader in the provision of competitive products for broad manufacturing and construction processes. We have been active in a wide range of industries since 1977. One specific area where we have established long-term success in is Silica Sand Powder Manufacturing.

Since 2011, Alraddadi trading est for silica for Silica Sand Powder is known as the biggest silica sand factory in Tabuk, Kingdom of Saudi Arabia. Our ongoing success has encouraged us to diversify within the mining field meeting the needs of the ever growing industry for raw and washed sand products using our new wash plant located at Tayma, Kingdom of Saudi Arabia.

Fed by one square Kilometer output mine, our facilities offer continuous feed and on-time shipments to customers' locations. We hold ourselves, and our clients, to the highest of standards, delivering only the best products thus one of the outstanding innovations is the 5.4 rounds-per-minute rotary dryer allowing this facility to produce a capacity of 22,000 kilograms per hour on wet basis.

More importantly, however, the color uniqueness of our Tayma sands. The whiteness, roundness and sub-angularity of our sands provide superior brightness and consistency for color-sensitive applications.
