Address	Jilek Glassworks Nová Huť 687 Kamenický Šenov, 471 14
Country	Czech Republic

PRODUCTS OR MACHINERY

The factory specialises in a small-batch and medium size production of glassware (hundreds to a few thousand units) and also offers its own range of glass products.

Our main customers are wholesalers, retailers, interior designers and architects catering to ever-increasing design and quality needs of their customers. The options for bespoke production in our factory are endless. We are sought after because of our extensive selection of metal moulds with patterns and a large number of pot colours available which we melt in our furnaces. The pot colours offer the highest grade of coloured glass quality and their transparency, brilliance and optical qualities are unmatched.
