State	Ohio

PRODUCTS OR MACHINERY

Solar Control

Reduces solar heat gain and offers high levels of natural light to provide comfortable and pleasant environments in which to live and work.

Thermal Insulation

Improves the energy efficiency of domestic or commercial buildings whilst enabling the extensive use of glass and the benefit of passive solar gain.

Fire Protection

Provides passive protection from the effects of fire for up to 180 minutes allowing maximum use of natural light and enabling all areas of a building to be occupied.

Noise Control

Reduces the noise inside a building to acceptable levels without sacrificing daylight.

Self-Cleaning

Reduces the need for cleaning exterior glazing through a dual-action coating. It uses daylight and rain to break down and wash away organic dirt.

Decoration

An extensive choice of decorative options to provide style and privacy with maximum light.

Glass Systems

The Pilkington Planar™ system is the world's market leader for structural glazing systems.

Special Applications

Offers solutions to specific requirements for glass in buildings.

Solar Energy

Glass for maximising solar energy conversion.
