PRODUCTS OR MACHINERY

Industries

Ductility and flexibility are very much part of Isoclima's DNA. which is why the group's innovative solutions find application in a whole host of different industries, meeting the specific requirements of the individual markets and the needs of our partners, in strict compliance with the high standards of excellence that are our hallmark.

AEROSPACE

Innovation is in the air.

Optics and strength, compliance with the most stringent international standards, and proverbial attention to detail make Isoclima solutions unique and excellent, even up in the clouds.

ARCHITECTURE

Laying firm foundations for unique projects.

Isoclima solutions are the heroes of several major ambitious architectural projects for industry and retail thanks to their remarkable technological contribution, which makes them a valuable tool to be wielded by leading designers and used in the most impressive buildings

AUTOMOTIVE

Gentlemen, Start Your Innovation!

Lengthy experience in the market, working closely alongside some of the most illustrious international car makers, and our focus on perfection, have made Isoclima one of the most reliable players in the automotive industry, thanks to high-value solutions that cater to a multitude of applications.

RAIL

On the fast track to excellence.

We have managed to channel our spirit of innovation, safety and attention to detail from our manufacturing facilities into solutions developed ad hoc for the rail transport industry, with windscreens, passenger windows, glass for interiors, and transparencies of all kinds, designed to suit any type of train, underground or tram vehicle.

MARINE

Solutions that sail all over the world.

Bolstered by extensive experience gained in the automotive industry, we were the first to carry the concept of structural bonded glass across from the automotive industry to the marine sector, applying it to yachts from the top international builders.

MILITARY VEHICLES

Protection, our first priority.

In-depth technological experience gained in the manufacture of armoured glass, the excellence of our products, and innovation, all combine to make Isoclima the go-to experts in the military defence sector.
