## PRODUCTS OR MACHINERY

Borosilicate glass for white goods (ovens, microwaves, washing machines, etc.)

Focus on fast and comfortable cooking experience The glass-ceramic cooktop panel produced by France is suitable for induction cookers, electric ceramic cookers and gas cookers, and the quality is better than industry standards. Excellent heat resistance, anti-scratch and anti-mechanical shock properties, to ensure the safety of the panel, and to protect the silk screen for a long-lasting and bright. French glass-ceramic panel, which uses energy efficiently, heats quickly and is easy to clean, is the best choice for modern home kitchens.
