Plus:

We have a refractory emergency stock, available for our customer needs.
Our hot-repair team is available 365 days a year, both for emergency and planned works.

We participate to various R&D projects, in partnership with experts and universities.

COMPANY BACKGROUND / HISTORY

Tecsiglass - Tecnologie e Sistemi per l'Industria del Vetro - is an Italian Company, based in Genoa, specialised on design, planning and construction of Glass furnaces and factory plants.

Tecsiglass managers, technical experts and partner companies have longer than 25 years experience, equivalent to circa 100 furnace reconstructions for the vast majority of the Glass makers in Italy and abroad.

Tecsiglass acts as *general contractor*, as sole counterpart for the client Company, this way minimizing risks and costs linked to the need to coordinate various suppliers on the same project.
