---------	-------

PRODUCTS OR MACHINERY

Available Glass Types:

- Clear float, Patterned, LowE, Solar Coated, Colored Float Glass, Low Iron Glass and Mirrors
- Cutting Machines accommodate Jumbo Sheets
- Glass Thicknesses: 2.5-19mm
- Regular and irregular shapes with cutouts

M & A provides glass for shopfronts, curtain walls and windows and is expanding to provide a more integrated solution to cater this huge market.

Due to the aesthetic value of glass and how it can make areas look bigger or better looking to the eye because of the different patterns and colors that can be used, M & A provides glass for a multitude of uses in home interiors. M & A Glass Products meet the individual requirements of the customer designs. Our products include:

- Table tops and shelves
- Mirrors
- Shower Cabinets
- Splashbacks
- Glass Balustrades and Partitions

M & A prides itself in being the local market leader in the home appliances market satisfying both local and European toughened safety standards.

M & A provides toughened (tempered) float glass from a variety of raw materials based on the application and customer need.

Glass could be clear or printed and with thicknesses ranging from 2.5-20 mm. Available glass types include clear float, Stopsol, and low emissivity glass.

Because of its mechanical and thermal properties, tempered/ toughened glass lends itself to a multitude of uses in the home appliances, interiors and exteriors market.

M & A meets EU directive 2002/95/EC "RoHS" on the restriction of use of hazardous materials and ensures that all its products meet British and European Standards to fit their use
