## PRODUCTS OR MACHINERY

### Supplier of Refractories

Highest quality standards apply not only to all products but also to the services of our company. Refractories expertise, know-how in the customers' production processes and international orientation of the employees, state-of-the-art machinery and a tight global sales and service network guarantee all partners quick availability, best possible service and optimal product application.

## COMPANY BACKGROUND / HISTORY

## About RHI Magnesita

RHI Magnesita is the result of the combination of RHI and Magnesita to form the global leading supplier of high-grade refractory products, systems and services which are indispensable for industrial high-temperature processes exceeding 1,200°C in a wide range of industries, including steel, cement, non-ferrous metals, and glass, among others. With a vertically integrated value chain, from raw materials to refractory products and full performance-based solutions, RHI Magnesita serves more than 10,000 customers in nearly all countries around the world.

The Company has unmatched geographic diversification with more than 14,000 employees in 35 main production sites and more than 70 sales offices. RHI Magnesita intends to use its global leadership position in terms of revenue, greater scale, complementary product portfolio and diversified geographic presence around the world to target opportunistically those countries and regions benefitting from more dynamic economic growth prospects.

The combined company had pro forma €2.5 billion in revenues in FY2016. For more information please visit [www.rhimagnesita.com](http://www.rhimagnesita.com)
